Materials

Lycra®

Lycra® is knitted 82% polyester, 18% Spandex, 200 grams per square meter. Spandex is the generic name for Lycra®, which is our most popular swimsuit fabric. Lycra® is sleek and smooth to the touch.

Speedline

Speedline is 45% polyester, 55% PBT (texturized polyester with natural stretch similar to spandex), 170 grams per square meter. This fabric is chlorine resistant and has two way stretch, although not as much stretch as Lycra®. Speedline is sleek to touch.

Streamline

Streamline is a high technology fabric designed to reduce drag by its water repellent stripes. This fabric is knitted 87% polyester, 13% lycra®, 240 grams per square meter, with water repellent resin stripes. Streamline is sleek and smooth to the touch. It is a denser fabric than Lycra®.

Mesh

Mesh is 100% knitted polyester in a mesh-like pattern, with small holes.

Canvas

Canvas is a heavy, coarse, closely woven 600 denier polyester with urethane backing.

Polyester

100% woven polyester is a smooth, durable fabric that is sleek to the touch and quick drying.

Polyridge

Polyridge is knitted 82% polyester, 18% Spandex, 210 grams per square meter. (Spandex is the generic name for Lycra®). Polyridge is sleek and smooth to the touch with narrow ridges.

Knit Polyester

100% knit polyester is soft to the touch and quick drying. It is similar to the "nylon" swimsuits manufactured back in the 60s and 70s. It is very durable and does not degrade in chlorine.

Coolmax®

Coolmax® is 100% polyester. This fiber is made of four channels that pull moisture away from skin. It dries five times faster than cotton. Coolmax® also offers superior breathability.

Paper

Paper is woven 79% polyester, 21% spandex, 150 grams per square meter. It is coated with Teflon®, making it water repellent. This is our lightest fabric, designed for racing.

Duramax

Duramax is 40% polyester, 60% PBT (texturized polyester with natural stretch similar to spandex), 200 grams per square meter. This fabric is chlorine resistant and has two way stretch, although not as much stretch as Lycra®. Duramax is sleek to touch.

MaxResist

MaxResist is knitted 83% polyester, 17% Spandex, 210 grams per square meter. (Spandex is the generic name for Lycra®). MaxResist is sleek and smooth to the touch and is slightly denser and more resilient than our Lycra® fabric.

Polyurethane membrane

Polyurethane membrane is a woven, non-permeable fabric that provides the lowest possible drag coefficient, enhances body positioning for maximum stroke efficiency, and compresses body mass. We use polyurethane membrane panels in our latest racing suits.

POSITION YOUR LOGO, MASCOT, OR OTHER DESIGN
ELEMENTS WHEREVER YOU WISH

MASCOT

AgonSwim custom dyes any design, any mascot, any logo, any colors you choose for your team suits. You can dye the front, back, sides and straps, in any style, any fabric... We begin with white material and go from there, following your wishes!

Be creative with your design or have the AgonSwim design staff help you for free!!!

CUSTOM

Agonswim is the only swimwear company that lines its suits in the same high quality fabric that it uses in the suits themselves. There's no cheap lining at Agon!

CUSTOM DYED SWIMWEAR '09

AgonSwim makes two different styles of custom items: completely custom, where you can design anything, anywhere on your suit, and solid with dyed logo, which has a slightly lower price, but has some limitations. On solid with dyed logo suits, the logo can be up to 1/4 of a letter-sized page in area. You are allowed one logo per suit, and the logo size must be the same for all the items in your order (men and women). The logo can be positioned anywhere on the item.

RACING SUITS

Agon introduces new racing suits designed for speed. We use a combination of polyurethane membrane panels and Teflon® coated paper fabric, to create a water resistant suit that has the lowest possible drag coefficient, enhances body positioning for maximum stroke efficiency, and compresses body mass. Plus, the paper fabric around the polyurethane membrane panels can be dyed to match your team colors, even incorporating your team logo!

Methods of Payment:
AgonSwim accepts Visa, Mastercard, American Express, Discover, personal checks, e-checks, and purchase orders (POs) for institutions.
For team accounts, AgonSwim charges 1.5% interest per month on accounts that are over 10 days past due.

How do We Ship?
AgonSwim ships primarily with UPS ground. We can ship to you more quickly at an additional charge.
For a detailed list of shipping charges, visit our web site at www.agonswim.com

Information to Provide to Receive a Team Price Quote:
Number of male suits, number of female suits, number of colors in your design (white is always considered a free color), plus the suit styles and fabrics.

Sizing Kits:
In the process of ordering your suits, we will need to send you a sizing kit so that each swimmer can be sure to order the correct AgonSwim size. We will need a credit card number from your representative before we send the sizing kit. In the case that you do not return the sizing kit, we will charge your credit card for the cost of the sizing kit.

Fitting:
AgonSwim uses a high quality Lycra® that does not stretch out like other manufacturers' suits. Therefore, you should not feel that your AgonSwim suit fits tightly. AgonSwim suits will not "relax" or stretch out over time, so make sure your suit fits comfortably now. If your suit is too tight, it will wear unevenly and will not last very long. If you think your suit does not fit, send it back before you wear it, and we'll exchange it for another size. Please note: you must follow our return policy and the suit must be in "as new" condition.

A Word of Undersizing:
Many swimmers believe that in order to swim fast, they need to buy a suit that is too small. When swimmers do this, they shorten the life of their swimsuit. In order to swim fast, swimmers can order a variety of AgonSwim products including unlined suits in streamline and paper fabric. However, we still do not recommend undersizing in any of our products.

Washing:
Your AgonSwim suit will last the longest if you do not machine wash it. Soap and shampoo contain detergents that harm swimwear fabric. It is important to rinse your suit in cold, clean water each time you wear it to remove chlorine and perspiration. It is best to hang your suit to dry, rather than leaving it in a bag or rolled up in a towel. Do not bleach, iron, or dry clean your swimwear.

Quality:
AgonSwim uses the highest quality materials and sewing processes for all its suits. However, it is a fact of life that swimwear fabric has a limited usable life in chlorinated water. How long your AgonSwim suit lasts depends on the fit of the suit, how you take care of the suit, and the pool conditions where you use your suit.

Care for Swimwear Fabric:
Swimwear fabric is easily snagged when placed in contact with rough surfaces. To maintain the high quality look and feel of your new AgonSwim swimwear, please avoid contact with rough surfaces, including pool walls and pool decks. THIS MEANS YOU SHOULD NOT SIT ON THE POOL DECK OR PULL YOURSELF OUT OF THE POOL ALONG THE SIDE OF THE POOL! ALWAYS SIT ON A TOWEL OR KICKBOARD AND USE THE STAIRS TO EXIT THE POOL.

HEALTH REGULATIONS STIPULATE THAT SWIMWEAR THAT IS SOILED, WORN, SNAGGED, DAMAGED OR LAUNDERED IS CONSIDERED TO BE IN OTHER THAN "AS NEW" CONDITION AND CANNOT BE RETURNED.

Custom Item Return Policy:
AgonSwim only accepts returns on custom items if there is a manufacturing defect (which must be approved as a defect by AgonSwim). US Health regulations prohibit the return of used swimwear. Therefore, it is important that you examine the item(s) in your order for manufacturing defects prior to usage. AgonSwim will only replace unused, defective merchandise within 30 days of purchase. In order to obtain a replacement, please sign in to our website (www.agonswim.com) using your login ID and password. Follow the return items link for detailed instructions to obtain a return merchandise authorization (RMA). An RMA is required for all returns. If you wish to replace the returned item, place a new order to replace the item. To ensure that items you are returning arrive to us safely, we suggest you protect yourself against loss by using Insured Mail or UPS. Please allow 2 billing cycles for the credit to appear on your credit card statement, or approximately one month to receive a check in the mail if you paid by check.

Non-Custom Item Return Policy:
AgonSwim allows returns of non-custom items within 30 days of purchase if they are in "as new" conditions, consistent with US Health regulations, which prohibit the return of used swimwear. Therefore, it is important that you examine the item(s) in your order prior to usage. In order to return an item, please sign in to our website (www.agonswim.com) using your login ID and password. Follow the return items link for detailed instructions to obtain a return merchandise authorization (RMA). An RMA is required for all returns. If you wish to replace the returned item, place a new order to replace the item.
