Zipper styles

Agon offers two zipper styles for water polo players. Our standard zipper zips up from the bottom. Our reverse zipper zips down from the top, making it especially hard for competitors to grab or unzip during a game. Both zipper styles come with a very small zipper pull to reduce the ability of opponents grabbing the pull or unzipping the suit.

materials

Speedline

Speedline is 45% polyester, 55% PBT (texturized polyester with natural stretch similar to spandex), 170 grams per square meter. This fabric is chlorine resistant and has two way stretch, although not as much stretch as Lycra. Speedline is sleek to touch.

Mesh

Mesh is 100% knitted polyester in a mesh-like pattern, with small holes.

Duramax

Duramax is 40% polyester, 60% PBT (texturized polyester with natural stretch similar to spandex), 200 grams per square meter. This fabric is chlorine resistant and has two way stretch, although not as much stretch as Lycra. Duramax is sleek to touch.

water polo CAP

DYED NUMBERS

Agon dyes the player numbers right into the fabric so they never peel off or come unsewn.

FORM FITTING

Made from the unique chlorine resistant Speedline material, this cap is more durable and form-fitting than any nylon cap available, because Speedline has stretch, while nylon does not. Similarly, the mesh material is durable and form-fitting; the holes in mesh fabric allow it to stretch as well.

RINGS & TRIM TIE CAP

Agon water polo caps come with both ties and rings. You can choose how to close your cap around your chin. We can also remove one or the other, if you prefer. Just let us know what you want – Agon makes the caps just for you!

S/M/L

Agon is the only company that offers three different sizes of water polo caps: small, medium, and large. Now your cap can fit your head exactly, rather than being slightly too big, or slightly too small!

You can change the color of the water polo cap trim to match your team colors. Is your team navy blue and green? Then match your team's colors by ordering a green cap with navy blue trim for home games and a green cap with blue trim for away games!

3 CAP NUMBER STYLES

Agon caps come in three different number styles: 8 centimeter numbers (standard), 10 centimeter numbers, and the 4 number, 8 centimeter style, which uses the same 8 centimeter numbers of our most popular cap, but repeats them around the front, sides, and back.

16 DIFFERENT EARGUARD COLORS

Agon has 16 different colors of earguards, so you are able to match your earguards to your team cap colors, or use the earguards as a color contrast by matching them to your trim color.

20 STANDARD COLORS

Agon has 20 different standard colors, so you can easily make caps and suits for your team. If your team's colors are not one of our 20 standard colors, for a small fee, you can order a special color, matched to your team's official colors via the Pantone color system.

2 CAP MATERIALS

Agon makes caps in 2 different materials: speedline and mesh. Both are form fitting, stretching fabrics, an improvement over the nylon fabric used by our competitors.

3 GOALIE CAP STYLES

We offer many different styles of goalie caps, which are all shown on page 12. Plus, with Agon, you can create your own style of goalie cap, custom made!

PERSONALIZED WITH PLAYER NUMBER OR NAME

Agon can personalize your water polo cap and your suit with your name! For a small fee, each player on your team can have his or her name on her cap or suit or both.

CUSTOM

Agon gives your team the ability to create a unique team image and build unity. There are no limits with Agon water polo suits and caps!

How to Order:
Call us toll-free at 1-877-718-9403. Prefer to FAX? Our FAX number is: 1-866-294-7029. We also encourage orders placed on the internet. Our web site address is www.agonswim.com. Our e-mail address is info@agonswim.com.

Information to Provide with Your Order:
Your name and address, your team's name, if applicable, and your phone number. A description of the style, size, and quantity of swimwear you wish to order. Credit card number with expiration date.

Methods of Payment:
AgonSwim accepts Visa, Mastercard, American Express, Discover, personal checks, e checks, and purchase orders (POs) for institutions. For team accounts, AgonSwim charges 1.5% interest per month on accounts that are over 10 days past due.

How do We Ship?
AgonSwim ships primarily with UPS ground. We can ship to you more quickly at an additional charge. For a detailed list of shipping charges, visit our web site at www.agonswim.com.

Information to Provide to Receive a Team Price Quote:
Number of male suits, number of female suits, number of colors in your design (white is always considered a free color), plus the suit styles and fabrics.

Sizing Kits:
In the process of ordering your suits, we will need to send you a sizing kit so that each swimmer can be sure to order the correct AgonSwim size. We will need a credit card number from your representative before we send the sizing kit. In the case that you do not return the sizing kit, we will charge your credit card for the cost of the sizing kit.

Fitting:
AgonSwim uses a high quality lycra* that does not stretch out like other manufacturers' suits. Therefore, you should not feel that your AgonSwim suit fits tightly. AgonSwim suits will not "relax" or stretch out over time, so make sure your suit fits comfortably now. If your suit is too tight, it will wear unevenly and will not last very long. If you think your suit does not fit, send it back before you wear it, and we'll exchange it for another size. Please note: you must follow our return policy and the suit must be in "as new" condition.

A Word of Undersizing
Many swimmers believe that in order to swim fast, they need to buy a suit that is too small. When swimmers do this, they shorten the life of their swimsuit. In order to swim fast, swimmers can order a variety of AgonSwim products including unlined suits in streamline fabric. However, we still do not recommend undersizing in any of our products.

Washing:
Your AgonSwim suit will last the longest if you do not machine wash it. Soap and shampoo contain detergents that harm swimwear fabric. It is important to rinse your suit in cold, clean water each time you wear it to remove chlorine and perspiration. It is best to hang your suit to dry, rather than leaving it in a bag or rolled up in a towel. Do not bleach, iron, or dry clean your swimwear.

Quality:
AgonSwim uses the highest quality materials and sewing processes for all its suits. However, it is a fact of life that swimwear fabric has a limited usable life in chlorinated water. How long your AgonSwim suit lasts depends on the fit of the suit, how you take care of the suit, and the pool conditions where you use your suit.

Care for Swimwear Fabric:
Swimwear fabric is easily snagged when placed in contact with rough surfaces. To maintain the high quality look and feel of your new AgonSwim swimwear, please avoid contact with rough surfaces, including pool walls and pool decks. THIS MEANS YOU SHOULD NOT SIT ON THE POOL DECK OR PULL YOURSELF OUT OF THE POOL ALONG THE SIDE OF THE POOL! ALWAYS SIT ON A TOWEL OR KICKBOARD AND USE THE STAIRS TO EXIT THE POOL.

HEALTH REGULATIONS STIPULATE THAT SWIMWEAR THAT IS SOILED, WORN, SNAGGED, DAMAGED OR LAUNDERED IS CONSIDERED TO BE IN OTHER THAN "AS NEW" CONDITION AND CANNOT BE RETURNED.

Custom Item Return Policy:
AgonSwim only accepts returns on custom items if there is a manufacturing defect (which must be approved as a defect by AgonSwim). US Health regulations prohibit the return of used swimwear. Therefore, it is important that you examine the item(s) in your order for manufacturing defects prior to usage. AgonSwim will only replace unused, defective merchandise within 30 days of purchase. In order to obtain a replacement, please sign in to our website (www.agonswim.com) using your login ID and password. Follow the return items link for detailed instructions to obtain a return merchandise authorization (RMA). An RMA is required for all returns. In some cases, a restocking fee may be assessed. Once you have obtained an RMA to return the defective suit, place a new order to replace the item. To ensure that items you are returning arrive to us safely, we suggest you protect yourself against loss by using Insured Mail or UPS. Please allow 2 billing cycles for the credit to appear on your credit card statement, or approximately one month to receive a check in the mail (if you paid by check).

Non-Custom Item Return Policy
AgonSwim allows returns of non-custom items within 30 days of purchase if they are in "as new" condition, consistent with US Health regulations, which prohibit the return of used swimwear. Therefore, it is important that you examine the item(s) in your order prior to usage. In order to return an item, please sign in to our website (www.agonswim.com) using your login ID and password. Follow the return items link for detailed instructions to obtain a return merchandise authorization (RMA). An RMA is required for all returns. To ensure that items you are returning arrive to us safely, we suggest you protect yourself against loss by using Insured Mail or UPS. Please allow 2 billing cycles for the credit to appear on your credit card statement, or approximately one month to receive a check in the mail (if you paid by check).
